RE: In Support of Willow Glen Trestle for State Historic Nomination

Dear Ms. Polanco,

The Almaden Cycle Touring Club is the largest and most successful bicycling organization in the San Francisco Bay Area. ACTC proudly hosts two large cycling events: 1) the Tierra Bella Century Tour highlighting our beautiful southbay with climbs up to Henry Coe State Park and the Gilroy Hot Springs and 2) the Sierra to the Sea Tour traversing our great State of California from Lake Tahoe to the Golden Gate Park.

Just as proud as leading ACTC to show-case our iconic California destinations, we are proud of our local treasures such as the Willow Glen Trestle. Yes, not as clean as it should be at the moment, the Willow Glen Trestle is worth saving and gaining a California State Historical Designation will change its fortune.

The ACTC Board representing over thirteen hundred members strongly recommend that the Willow Glen Trestle be preserved.

Best,

A handwritten signature in blue ink that reads 'Anthony Le'.
